

## Herbal cure for cancer

JAIPUR, Feb 25. — A herbal formulation has proved "very successful" in treating cancer, claims an Ayurvedic vaidya, reports PTI.

"The herbal formulation starts showing results within two months and cures the cancer patient completely in two years", asserts Mr N. L. Tiwari, who is administering this herbal formulation to cancer patients — mostly in terminal stages.

Mr Tiwari said that his formulation, which he prepared from valuable information gathered from tribals in Assam forests during his research on herbs there, had proved effective in almost all types of cancer except that of liver.

He showed medical histories and records of several patients indicating disappearance of malignancy after oral administration of the herbal formulation.

He has written to the Centre and State Governments to get the efficacy of his formulation tested by specialists in Government hospitals.

## Ayurvedic cure for cancer claimed

JAIPUR, Feb 26 (PTI)

A herbal formulation has proved "very successful" in treating cancer, claims an ayurvedic vaidya.

"The herbal formulation starts showing results within two months and cures the cancer patient completely in two years", asserts Mr N. L. Tiwari, who is administering this herbal formulation to cancer patients mostly in terminal stages.

Mr Tiwari told PTI that his formulation, which he prepared from valuable information gathered from tribals in Assam forests during his research on herbs there, had proved effective in almost all types of cancer except that of the liver.

He showed medical histories and records of several patients indicating disappearance of malignancy after oral administration of the herbal formulation.

Mr Tiwari, who makes his formulation himself, claimed that he was sending his medicine to patients in U.K, USA, Germany and Canada.

Mr Tiwari feels that modern medical practitioners should take up research projects to understand how this formulation works in the body.

He has written to the Centre and State Governments to get the efficacy of his formulation tested by specialists in government hospitals.

Mr Tiwari, who supplies the herbal medicine to most patients free of charge, said, "I do not want money, nor do I want to keep it a secret".
